<b>Definition</b>	<b>Write-in Term</b>	<b>Circle What This Term Relates To</b>
1. Describes a person who does not identify exclusively as a man or a woman. This person may identify as being both a man and a woman, somewhere in between, or as falling completely outside these categories.		Sexual Orientation    Gender Identity Gender Expression    Biological Sex
2. Describes a person whose gender identity differs from the biological sex assigned to them at birth.		Sexual Orientation    Gender Identity Gender Expression    Biological Sex
3. Describes individuals who identify as gay, lesbian, bisexual, transgender, gender neutral, questioning, and many other identities. While this term has been used in a derogatory way in the past, many individuals and groups are reclaiming it as an all-encompassing way to describe those who do not identify as heterosexual and/or cisgender.		Sexual Orientation    Gender Identity Gender Expression    Biological Sex
4. Describes a person who is only or primarily emotionally, romantically, and sexually attracted to the opposite sex.		Sexual Orientation    Gender Identity Gender Expression    Biological Sex
5. Describes a person who is emotionally, romantically, and sexually attracted to (at least) both men and women.		Sexual Orientation    Gender Identity Gender Expression    Biological Sex
6. The set of words that a person wants others to use when referring to that individual, such as: he, him, his; she, her, hers; or they, them, theirs. These may or more not correspond to the individual's biological sex assigned at birth and may be gender neutral.		Sexual Orientation    Gender Identity Gender Expression    Biological Sex
7. Describes a person whose combination of sex chromosomes, gonads, internal reproductive organs, and external genitalia are not "typical"—according to the medical community—of "female" or "male."		Sexual Orientation    Gender Identity Gender Expression    Biological Sex
8. Describes a person who does not experience sexual attraction, but may experience		Sexual Orientation    Gender Identity

emotional or romantic attraction.		Gender Expression    Biological Sex
9. Describes a person (often an adolescent) who has questions about his or her sexual orientation and/or gender identity.		Sexual Orientation    Gender Identity Gender Expression    Biological Sex
10. A term sometimes used to describe indigenous North American individuals who have a gender identity and/or gender expression that does not traditionally align with their sex assigned at birth, or have a culturally distinct gender apart from man or woman.		Sexual Orientation    Gender Identity Gender Expression    Biological Sex
11. A broad term referring to people who do not behave in a way that conforms to the traditional expectations of their gender, or whose gender expression does not fit neatly into a category.		Sexual Orientation    Gender Identity Gender Expression    Biological Sex
12. An umbrella term used to describe individuals who identify as lesbian, gay, bisexual, transgender, and/or queer/questioning. In some cases, 1, for intersex, A, for asexual, 2, for two-spirit, and/or +, to reflect a broader sense of inclusivity, is added.		Sexual Orientation    Gender Identity Gender Expression    Biological Sex
13. Describes a person who does not identify with a single fixed gender; of or relating to a person having or expressing a fluid or unfixed gender identity.		Sexual Orientation    Gender Identity Gender Expression    Biological Sex
14. Describes a person whose gender identity and gender expression matches the gender typically associated with their biological sex.		Sexual Orientation    Gender Identity Gender Expression    Biological Sex
15. A term some prefer to use instead of lesbian, gay or bisexual to express attraction to and love of people of the same gender.		Sexual Orientation    Gender Identity Gender Expression    Biological Sex
16. Describes a person who is emotionally, romantically, and sexually attracted to individuals of all gender identities and expressions including those who do not fit into the standard gender binary (man and woman).		Sexual Orientation    Gender Identity Gender Expression    Biological Sex
