Indian Child Welfare Act Court Summit  
10/2021

## Race/Ethnicity Definitions Used in Dependency Reporting

The Washington State Racial Disproportionality Advisory Committee (WSRDAC) standard, has been changed to the WSRDAC/Modified (WSRDAC/M) standard, based on the WSRDAC recommended standard from 2011 and modified by DCYF in 2020 to slightly change the definition of Hispanic (and Multiracial, Other) to be more inclusive for the Hispanic race designation. The hierarchy that determines the race category for each person is as follows:

- American Indian/Alaska Native (AI/AN):** just one race/ethnicity indicated; Hispanic/Latino not indicated.
- American Indian/Alaska Native, Multiracial (AI/AN-Multi):** any American Indian/Alaska Native indicated along with another race/ethnicity.
- Asian/Pacific Islander (Asian/PI):** just one race/ethnicity indicated; Hispanic/Latino not indicated.
- Black/African American (Black):** just one race/ethnicity indicated; Hispanic/Latino not indicated.
- Black/African American, Multiracial (Black-Multi):** any Black/African American indicated along with another race/ethnicity except American Indian/Alaskan Native.
- Hispanic/Latino:** Hispanic/Latino indicated along with any racial categories except American Indian/Alaska Native and Black/African American. Race also may be unknown.
- Multiracial, Other (Other-Multi):** all other combinations, with no indication of American Indian/Alaska Native or Black.
- White:** just one race, Hispanic/Latino not indicated.
- Unknown:** no race indicated, Hispanic/Latino not indicated, including any residual “Missing” or “Other” category from source data collection.
