*Hope Navigator*

### **Monday & Tuesday, June 3rd & 4th**

#### **Hope Navigator - 9a-4p each day (virtual)**

This program develops expertise within your organization to continue to champion and “navigate” the Science and Power of Hope. The Hope Navigator is an in-depth training that builds the capacity within your organization to train and provide leadership and support with finding, enhancing and modeling Hope Rising. The Hope Navigator will also participate in consultation and a Community of Practice to continue their education and expertise in Hope. **The Community of Practice Groups will meet every other month for one year.**

## Calendar of Events – June 2024

HOPE Rising Washington

**24 Monday, June 24th**

### **Principal's Conference in Spokane**

*While not hosted by Hope Rising WA, the fabulous Dr. Chan Hellman will be a keynote speaker at the Washington State Principal's Conference!*

**25 Tuesday, June 25th - 9a-12p**

### **Hope Awareness: Eastern WA in Spokane**

Building equitable systems and supports requires all the components of Hope Science - clear goals, pathways and a belief change can happen. Learn about the basics of Hope Science and how to bring it to your work.

**26 Wednesday, June 26th - 8:30-11a**

### **Hope Leadership in Olympia**

Dr. Hellman will meet with executive leaders of WA State agencies and organizations to learn how to build the science of hope into policy and practice to reduce burnout and improve outcomes for staff, clients, students and well-beings of communities as a collective.

**26 Wednesday, June 26th - 1-4p**

### **Hope & Healing in the Child Welfare Court Culture in Olympia**

Dr. Hellman will lead a conversation with leaders from the child welfare court system about the culture of their organizations.

**27 Thursday, June 27th - 1-4p**

### **Hope Awareness for Funders & Legislative Leaders in Bellevue**

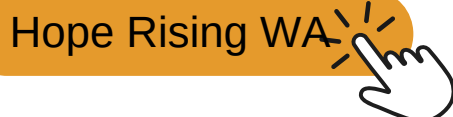

Dr. Hellman will meet with philanthropists and elected leaders to build an awareness of Hope Science and how Hope can make a powerful impact in systems change.

**28 Friday, June 28th - 9a-12p**

### **Hope Awareness: Western WA in Tacoma**

Building equitable systems and supports requires all the components of Hope Science - clear goals, pathways and a belief change can happen. Learn about the basics of Hope Science and how to bring it to your work.

**To learn more about these events, or to register, please go to the Hope Rising Washington website.**

**Questions?**

**Jolynn Kenney, Executive Director**
