

Science of Hope Community of Practice

June 2025

Hope in Action

Spokane Juvenile Court & SAC's Journey

Join us for June's Science of Hope Community of Practice featuring Elisa Vanhoff, a Hope Navigator with 30 years of experience working with at-risk youth. She will share how the Spokane Juvenile Court's Success through Academic Connections (SAC) school is integrating the hope science into their practices with students. As part of the session, Elisa will invite you to participate in the playful art/reflection activity "Beat the Blerch,".

Lastly, Elisa will share Spokane Juvenile Court's plan for expanding hope science in their SAC school and with the court.

Come ready to reflect, create, and learn!
