

SCIENCE OF HOPE COMMUNITY OF PRACTICE

MAY 2025

Hope for Tomorrow

Explore how Iowa is putting the Science of Hope into action.

Doug Wolfe, Iowa's Hope Ambassador, will walk us through how the Department of Health and Human Services is using a three-tiered training model to build a hope-centered system. You'll also hear from Kathleen Penner, a Hope Champion from the State Training School for Boys, who will share her team's inspiring "Hope for Tomorrow" practice, designed to support and empower youth in residential care.

Come learn from Iowa's journey and leave with new ideas for growing hope in your own programs, teams, and communities.
